Dedication

We, the talisman staff, are proud to dedicate this yearbook to Mrs. Marlene Burke, whose undivided interest in the Students of Rutland High School has been an asset to us all. She has been actively involved in many school-related activities such as the Close-Up program in Washington, D.C., the Multiple Sclerosis Dance Marathon and the annual trip to Bermuda. We sincerely appreciate her many contributions to both the school and the community.

Sharing Memories

Together, through the years,
Sharing the laughter, even the tears.

Sharing our dreams and hopes,
Baring our soul to the friends
we cherish the most.

Gathering memories to keep forever,
Collecting the dreams we dream today,

Remembering the special moments:
The prom, the parties, the games.

Special memories we treasure,
As special as the friends we cherish.

How can we express our feelings?
Are words enough to say what needs
to be said?

Can they express the joy, the hopes and
The dreams we all share?

Our memories are precious as the years
blend into one.
We too, are blending into one, as The Class of 1981.

The 1980 Rutland High Field Hockey team finished the season with a 6-6-2 record. It was a rebuilding and a changeover year for the very hard working and enthusiastic team. The team did well adjusting to a new coach and her new system of play.

Due to the expansion of the league, the young Raider team played well against outstanding competition.

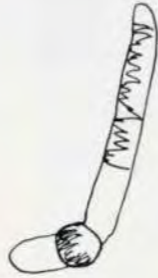

The team responded to all that was asked of them and I hold high hopes for a successful 1981 season.

to excellence**

GE has grown by remaining competitive. We've built upon the strong Vermont Heritage of hard work, independence and team effort to become the world's fine manufacturer of precision airfoils for jet engines. Our people have the skills and willingness to learn. The 1980's will be a decade of growth and bring the fiercest competition . . . We're ready.
